## NO AGREEMENT REACHED

Meeting of Executive Board Ends in Disappointment.

## RATIFICATION IS DOUBTFUL

All Efforts to Reach a Compromise Have Been Fruitless so Far—Oklahoma Land Drawing in Progress

PITTSBURG, Pa., July 30.—Disappointment and apprehension pervade the air of Pittsburgh tonight, because of the failure of the executive board of the Amalgamated Association of Iron, Steel and Tin Workers to ratify the peace proposals arranged at a conference in New York last Saturday, by officers of the Amalgamated Association, and Messrs. Morgan, Schwab and Gary, representing the United States Steel Corporation. When the conference opened it was confidently expected that an agreement would be reached in a short time, but after a session lasting from 9:30 a. m. until 6:30 p. m., the meeting adjourned without arriving at any conclusion, so far as known, to meet again tomorrow morning.

The protracted session indicates that the board is not satisfied with the provisions of the compromise measures, and unless some modifications are made, its ratification is doubtful. The opening of the mills to non-union workmen is the point on which it is believed the board hesitates, and the long distance telephone between New York and Pittsburgh was worked frequently today to get a modification of this clause. The workmen held that this would give the mill owners the full opportunity for crushing the union without a strike, by finding excuses to discharge union men and then fill their places with non-unionists. Another rock of discussion is said to be the detention in their present jobs of the men who worked as "strike breakers," at the various mills during the strike. It is said that these men have been promised the protection of the manufacturers in case of settlement, and that the mill owners will not concede their dismissal at the request of the organization. The workers, it is said, are willing to declare the mills now working non-union open mills, but strenuously object to having all the mills of the combination classified as open mills.

## Second Day of Drawing

EL RENO, O. T., July 30.—Today's scenes about the lottery platform were a repetition of those of yesterday. During the night the crowds had been swelled by several thousand eager people who had flocked to town in prairie schooners or on trains. Many slept again on hillside to be on hand early. When the second day's drawing commenced it was estimated that about 30,000 people were on hand.

Yesterday's drawing had given to 1000 homesteaders the privilege of selecting the best 1000 claims in the reservation. This left 12,000 claims and 100,000 applicants. Yet great good nature prevailed, and almost everybody appeared hopeful. Two thousand names were drawn from the wheels today, 1000 each from the El Reno and the Lawton land districts.

The drawing today was started promptly, and the envelopes were taken from the wheels at a rapid rate.

## Sir Thomas Lipton's Ambition

About forty years ago a ragged little boy named "Tommy" used to sit on the piers at Glasgow and watch the boats skimming over the waters. He was neglecting the messenger service, for which he was paid 60 cents a week, but he could not help that, for the yards fascinated him.

One day he said: "When I grow up to be a rich man I'll have a yacht of my own, the finest and fastest that was ever

## PORT PRACTICALLY CLOSED

Not a Vessel Can Be Loaded or Moved in Harbor.

## BUSINESS AT A STANDSTILL

Annual School Report For Morrow County—Forest Reserve Located—Carrie Nation Is Set Free.

SAN FRANCISCO, July 30.—Culmination of the labor troubles came last night when at a late hour the City Front Federation, composed of fourteen organizations, with 15,000 members, ordered a general strike, which was begun this morning. In addition to the 15,000 members of the City Front Federation, 10,000 machinists, iron-workers, cooks, waiters and teamsters are out, making the total number of men affected 25,000. As a result of the strike, in addition to the general suspension of business in the wholesale and manufacturing districts of San Francisco and Oakland, the port is practically closed, as not a vessel can be loaded or moved. Members of the Employers Association, which is the offending organization, say they have counted the cost of the strike, and are prepared to stand firm. The steamship managers will act in harmony with the association.

## More Firemen Than Soldiers.

There are more firemen in the United States than there are soldiers in Uncle Sam's Army, says the New York Sun. In New York city, for fire purposes, the two boroughs of Manhattan and the Bronx with 1400 firemen are joined. The two boroughs of Brooklyn and Queens, with 1000 paid and 2000 volunteer firemen, are joined, and Richmond, with 1700 firemen, is separately organized. There are, therefore, in New York city 6100 firemen, paid and unpaid.

There are 1200 firemen in Chicago, 800 in Philadelphia, 700 in Boston, 400 in Baltimore, 500 in Buffalo, 400 in Detroit, 500 in St. Louis, 400 in Pittsburgh, 400 in San Francisco, 300 in New Orleans and 250 in Washington. In the whole country there are 65,000 paid firemen, and the number of volunteer firemen varies from 100,000 to 150,000.

There is a saying among firemen that three volunteers are equivalent to only one regular, so great is the value of training and discipline. Thus a city like Wilmington, Del., with a population of 76,000, has more volunteer firemen than Philadelphia, with a population of 1,300,000, has paid firemen.

## BOSTON WOOL MARKET.

Boston, July 30.—There was a firm tone to the wool market here this week, with values well maintained and the general situation is hardening. There has been an absence of speculative feeling as far as buying is concerned, but the wants of the mills are large. Territorial wools continue to lead the sales. Fine medium and fine staple is quoted at 44 1/2c, and the strictly staple article at 46 1/2c. Fleece wools are quoted firm, but arrivals of new washed fleeces are only moderate as yet. Quotations: Territory, sound basis: Montana, fine 14 1/2c; scored, 44 1/2c; fair medium, 14 1/2c; scored, 42 1/2c; staple, 16 1/2c; scored, 46 1/2c. Utah, Wyoming, and Idaho, fine, 15 1/2c; scored, 44 1/2c; 500 medium, 15 1/2c; scored, 46 1/2c; staple, 15 1/2c; scored, 44 1/2c. Australian, scored basis, spot prices, including superfines, 7 1/2c; good, 6 1/2c; average, 6 1/2c.

## ASTOUNDED THE EDITOR

Editor S. A. Brown, of Bennettsville, S. C., was once immensely surprised. "Through long suffering from dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach. At last she tried Electric Bitters which helped her at once, and after using four bottles, she is entirely well, can eat anything. It's a grand tonic, and its gentle laxative qualities are splendid for torpid liver." For Indigestion, Loss of Appetite, Stomach and Liver troubles it's a positive, guaranteed cure. Only 50c at Slocum Drug Co.

## TO SAVE HER CHILD

From frightful disfigurement Mrs. Nannie Gallagher, of LaGrange, Ga., applied Backlin's Arnica Salve to great sores on her head and face, and writes its quick cure exceeded all her hopes. It works wonders in Sores, Bruises, Skin Eruptions, Cuts, Burns, Scalds and Piles. Care guaranteed by E. J. Slocum, Druggist.

## Suspects are usually worse than facts.

Cheerfulness is the offspring of employment.

No man is strong who is unable to conquer himself.

Money invested in knowledge pays the best interest.

## WHAT A TALE IT TELLS.

If that mirror of your face shows a scratched, yellow complexion, a sunken eye, most patches and blotches on the skin, it's liver trouble, but Dr. King's New Life Pills regulate the liver, purify the blood, give clear skin, rose cheeks, rich complexion. Only 25c at E. J. Slocum, drug store.

## RECOMMENDED LITERATURE.

The following letters remain unsold for in the post-office at Heppner, a calling for three letters say "advertised": Bradley, Preston Carey, George J. Barland, George Dix, Miss Louisa, Alfred Whitaker, G. B. B. E. VANDERKAM, P. M.

## Salmon Run at Height.

ASTORIA, July 30.—The salmon run keeps up, although symptoms were noticeable today that it has reached its height. At the mouth of the river the fish do not seem to be so numerous, and are smaller than since the great run began. However, there is still an abundance of salmon. Canneries, cold storage and packing plants are worked to the utmost.

## New Hatchery on Snake River.

OREGON CITY, July 30.—A new salmon hatchery, under the auspices of the Oregon state Fish Commission, is to be operated at Swan Falls, 20 miles from Boise City, on Snake River. E. C.

**FORTUNES**  
HAVE  
**Been Founded**  
By Buying Some Shares in new Mining Companies.

## Heppner Mining Co.,
